

**2011 WorldSkills Australia School – VET in Schools
Primary Industries Competition
PRI11/4 – Competitors' Instructions**

Preamble

Please note that evidence from this competition will be used to help compile a profile of your competency in the following units:

RTC 2209A	Install, maintain and repair fencing.
RTC 2701A	Follow OHS procedures
RTC 2702A	Observe environmental work practices
RTC 2704A	Provide Basic First Aid
RTC 2801A	Participate in workplace communications

Your demonstration or non-demonstration of competence affects your ranking in the competition. If you are unsure on this point please read your pre competition information or check with your assessor.

There are two (2) parts to this competition:

PART A: Repair a fence **35 marks**

PART B: Scenario: – Emergency situation **30 marks**

Competitors will be Part C will be undertaken by each group concurrently under separate supervision.

- Attached are your instructions. Please read them carefully, you will need to refer to them to complete the required tasks.
- You will be given a copy of the Marking Scale to look at ½ hour before the event: This must be returned before commencing. It is worth giving it a quick read so that you may have an understanding of how marks are to be awarded

Instructions for Competitors

N.B. Compliance with OH&S procedures is expected in all tasks.

PART A

You are a farm hand at Abbey Station, Penny Lane, Kintyre.

Your usual jobs include livestock handling; pasture improvement, tractor work and general farm maintenance.
